## DISTRICT SUPERINTENDENT'S REPORT

Spartanburg School District Seven with the strong support of our community continues to meet the academic challenge of meeting state standards on the Palmetto Achievement Challenge Tests. Out teachers work diligently each day to ensure that a quality education is provided to each student. Our parents have continued to emphasize the need for high academic achievement as they work with our teachers to bridge the gap between home and community.

Our district has appreciated the many partnerships with local businesses and industry as well as the faith community. These partnerships have provided additional resources for student achievement and help to keep our community involved in the success of our schools.

Our annual district report card will reflect the strengths and challenges of our instructional program. We will continue to build upon our areas of success and work as a team to improve our educational challenges. District 7 is an award-winning district that is committed to the goal of educational excellence for every student by offering a quality curriculum in each school, state-of-the-art facilities and technology, and extracurricular activities that help our students develop into well-rounded citizens.

Audrey T. Grant, Interim Superintendent
